

Nez Perce Tribe
Department of Fisheries Resources Management
2009 Symposium on Salmon Supplementation

Registration Form

When: January 14th & January 15th, 2009

Where: The Riverside Room, Best Western
The Lodge at Rivers Edge
615 Main St.
Orofino, Idaho
Reservations: **1-800-538-9797** (block of rooms reserved under: Nez Perce Tribe Symposium until December 31st)

What will be covered: This symposium is being held to disseminate project information and support scientifically sound adaptive management of supplementation actions being implemented by the Nez Perce Tribe. The two day event will cover the Nez Perce Tribe Hatchery (spring & fall Chinook Salmon within the Clearwater River basin), Johnson Creek Artificial Propagation & Enhancement (summer Chinook Salmon within the South Fork Salmon River basin) and the Lostine River Supplementation (spring Chinook Salmon within the Grande Ronde River basin) programs. Presentations will describe:

- Program purpose and implementation to date,
- Hatchery product performance,
- Natural production response, and
- Management recommendations.

A poster session will be held covering all aspects of the Tribe's fisheries management activities.

The symposium will start at 9:00 a.m. Wednesday, January 14th and end by 5:00 p.m. Thursday, January 15th. There will be a social on January 14th after a provided dinner. Please contact Jay Hesse at jayh@nezperce.org or Becky Johnson at beckyj@nezperce.org if you would like additional information.

Registration is required; however, there will be no registration fee. Please, fill out the following and fax (208) 843-9184 or e-mail (paulettes@nezperce.org) by December 31st.
